A dark, high-contrast black and white photograph of a textured surface, possibly a rock or fossil. The image shows a large, irregular, and somewhat rounded mass in the center-right, which appears to be part of a larger, layered structure. The texture is rough and granular. On the far left, there is a vertical strip of white space containing handwritten text in cursive script. The text is partially cut off but appears to read: "The fossil is a...". The overall lighting is very low, creating deep shadows and bright highlights that emphasize the surface irregularities.
