противоэмболические чулки ТРОМБО X (THROMBO X) (x-large normal)

противоэмболические чулки ТРОМБО Х (THROMBO X) (x-large normal)

Thigh Massnahmen

For an optimum stocking experience, the leg should be measured as follows:

- CB: Thigh circumference (circumference of the widest part of the thigh)
- CD: Crotch circumference (circumference of the crotch)
- CG: Crotch circumference (circumference of the crotch)

Taking measurements

We strongly recommend having your leg measured to ensure the best possible fit.

- CB: measured at the thickest part above the ankle
- CD: measured 2 fingers width below knee
- CG: measured approx. 5 cm below the crotch

Misuree intrinseche

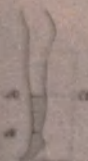

Per un'esperienza ottimale, la gamba deve essere misurata come segue:

- CB: Circonferenza della coscia sopra il polso del piede (la parte più spessa)
- CD: Circonferenza sotto il punto di articolazione del ginocchio (2 dita)
- CG: Circonferenza 5 cm sotto il ginocchio

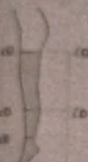

Misurare correttamente

È indispensabile rilevare le misure della gamba per una corretta fornitura.
